

## **Payment Options-PUPPY PACKAGES**

**You may opt to pay at each visit.**

**You may pay for the entire package.**

**You may opt for a no interest payment plan**

If you are interested in a no interest option for payment of the entire package, we work with Vetbilling, a third party, payment processing company.

### **How Does a NO interest, Vetbilling payment plan Work?**

You will need to complete an application. Vetbilling will do a soft credit check which **does not** impact your credit report. If approved, Vetbilling will add the \$25.00 soft credit check fee to your payment plan and they charge \$3.00 per payment processing fee and **NO INTEREST. If declined, you pay nothing.**

Payments are drafted from your bank account. You may choose to have payments deducted every two weeks or monthly. **Please remember this company charges \$3.00 every time a payment is drafted.**

This is an excellent savings compared to what credit card companies charge for interest!!!
